

## TALK BY SUDARSHAN BANERJEE (OLD BOY, 1992 BATCH)

Mr. Sudarshan BANERJEE, OB 1992, addressed the students of Classes XI and XII on 24.5.17. Sudarshan is the owner and head of Utopeia, a well-known advertising agency in Mumbai.

He spoke to the students about the importance of having initiative in the real world in order to be successful. He also reminded them that it was not always the student with the best marks that did make it. He asked them to absorb everything around them and to add skills to their education as that was what would make them valuable in the work environment.

He also told the students that any Jermelite wishing to pursue a career in advertising would be welcome at his agency and could call upon him for help.

It was also a time for him to relive some very happy memories of his days in school.
